VISI(O)N

VISUAL IMPAIRMENT
SOCIAL INCLUSION
ON

Our vision is of a world where visually impaired young people enjoy the same opportunities and quality of life as those who are sighted.

V.I.S.I.ON brings together partner organisations from Bulgaria, Italy, Luxembourg, the United Kingdom and Belgium, to learn and create as one European community.

Working together, we are developing a new participatory performance arts programme to help develop the physical and vocal confidence of visually impaired young people; raising aspirations and promoting individual abilities.

We will be running drama workshops with visually impaired children and young people from Bulgaria (Sofia and Veliko Tarnovo), Italy (Palermo), Luxembourg (Luxembourg) and the United Kingdom (Cardiff, Wales).

V.I.S.I.ON is about having fun and making new friends, and our theatre workshops will include drama games, music and movement exercises. There is never any pressure to take part in activities and it is up to each individual how much they would like to participate.

To find out more about the project and activities taking place in Wales, please contact our partner organisation UCAN Productions :
